

The Substance of Hope: Barack Obama and the Paradox of Progress

By Cobb, William Jelani

Walker & Company, 2010. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service!
Summary: Clear, concise writing, a conversational tone, and cogent arguments make this a compelling read, particularly for those with an interest in Obama's presidential campaign and election, but also for students of politics, history, and the Civil Rights Movement."--Library Journal" Cobb is especially good on the contrast between Obama and Jesse Jackson, whose celebrated work had opened many doors for Obama, but who now failed to inspire most young African-Americans. Obama embodies the face--multiracial and cosmopolitan--of the next generation, and his ultimate significance may be less as a president than as a harbinger of what comes after his presidency.' A rich, provocative meditation on the importance of Obama's election."--Kirkus Reviews" William Jelani Cobb has written a smart and observant reminder of the candidacy and election of President Barack Obama. This little book is packed with common sense observations that are given weight and meaning through Professor Cobb's academic and historical insight."--Melissa Harris-Lacewell, associate professor of politics and African-American studies at Princeton University" Barack Obama's presidential campaign shone an incisive light on the nation's attitudes about race and on the roots of black political empowerment. William Jelani Cobb...

Reviews

It is an awesome publication which i actually have ever read through. it had been writtern really properly and valuable. I found out this book from my i and dad recommended this pdf to discover.

-- Doyle Schmeler

This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that i am sure that i will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.
